

# Tata Nexon

Official Product Brochure

Available Variants: Smart, Pure, Creative, Fearless, Fearless+

## Engine and Performance

### Petrol, Turbo-Petrol and Diesel

The Nexon is available with a 1.2L turbo-petrol engine and a 1.5L turbo-diesel engine, both mated to 6-speed manual or automatic transmissions (AMT/DCT/TCU depending on the fuel type).

| Specification                      | Value                                             |
|------------------------------------|---------------------------------------------------|
| Engine Displacement (Turbo Petrol) | 1199 cc                                           |
| Engine Displacement (Turbo Diesel) | 1497 cc                                           |
| Max Power (Petrol)                 | 120 PS @ 5500 rpm                                 |
| Max Power (Diesel)                 | 115 PS @ 3750 rpm                                 |
| Transmission Options               | 6-Speed Manual, 6-Speed AMT, 7-Speed DCT (Petrol) |
| Drivetrain                         | Front Wheel Drive (FWD)                           |

## Mileage and Fuel Efficiency

The diesel manual variant remains the most fuel-efficient option in the Nexon lineup.

| Specification        | Value      |
|----------------------|------------|
| Mileage - Petrol MT  | 17.05 km/l |
| Mileage - Petrol DCT | 17.66 km/l |
| Mileage - Diesel MT  | 24.08 km/l |
| Mileage - Diesel AMT | 23.6 km/l  |
| Fuel Tank Capacity   | 44 litres  |

## Safety Features

### 5-Star Global NCAP and ADAS

The Nexon was among the first Indian-made cars to achieve a 5-star Global NCAP safety rating. The Fearless+ variant offers Level 2 ADAS with adaptive cruise control, forward collision warning, and automatic emergency braking.

| Specification                   | Value                                        |
|---------------------------------|----------------------------------------------|
| Global NCAP Rating              | 5-Star (Adult and Child Occupant Protection) |
| ADAS                            | Available on Fearless+ (Level 2)             |
| Airbags (Standard across range) | 6 (Dual Front, Side, Curtain)                |
| ESC                             | Standard on all variants                     |
| Disc Brakes (All 4 wheels)      | Available on Fearless and Fearless+          |
| 360-Degree Camera               | Available on Fearless+                       |

## Dimensions

The Nexon offers a sub-4-metre footprint, qualifying it for a compact SUV tax bracket, while retaining a tall stance and generous boot space.

| Specification    | Value                                  |
|------------------|----------------------------------------|
| Length           | 3993 mm                                |
| Width            | 1811 mm                                |
| Height           | 1616 mm (1620 mm with roof rails)      |
| Wheelbase        | 2498 mm                                |
| Ground Clearance | 209 mm                                 |
| Boot Space       | 382 litres (350 litres for EV variant) |
| Seating Capacity | 5                                      |

## Interior and Comfort

### Sunroof and Comfort Features

An electric sunroof is available from the Creative variant onward. Ventilated seats are offered as an accessory on the Fearless+ trim.

| Specification          | Value                                                                            |
|------------------------|----------------------------------------------------------------------------------|
| Sunroof                | Available from Creative variant and above                                        |
| Ventilated Seats       | Available on Fearless+ (as an accessory pack)                                    |
| Climate Control        | Automatic single-zone from Creative variant                                      |
| Wireless Phone Charger | Available from Fearless variant                                                  |
| Upholstery             | Fabric (Smart, Pure); Premium Fabric/Leatherette (Creative, Fearless, Fearless+) |

## Infotainment and Connectivity

The Nexon features a 10.25-inch floating touchscreen with a JBL sound system on the top-spec Fearless+ variant, along with an Arcade.ai voice assistant.

| Specification                | Value                                |
|------------------------------|--------------------------------------|
| Touchscreen Size             | 10.25 inches (Fearless, Fearless+)   |
| Sound System                 | JBL 9-speaker (Fearless+ only)       |
| Android Auto / Apple CarPlay | Wireless, from Creative variant      |
| Digital Instrument Cluster   | 10.25-inch fully digital (Fearless+) |

|                    |                                                         |
|--------------------|---------------------------------------------------------|
| Connected Car Tech | Tata iRA Connected Car Tech, standard from Pure variant |
|--------------------|---------------------------------------------------------|
